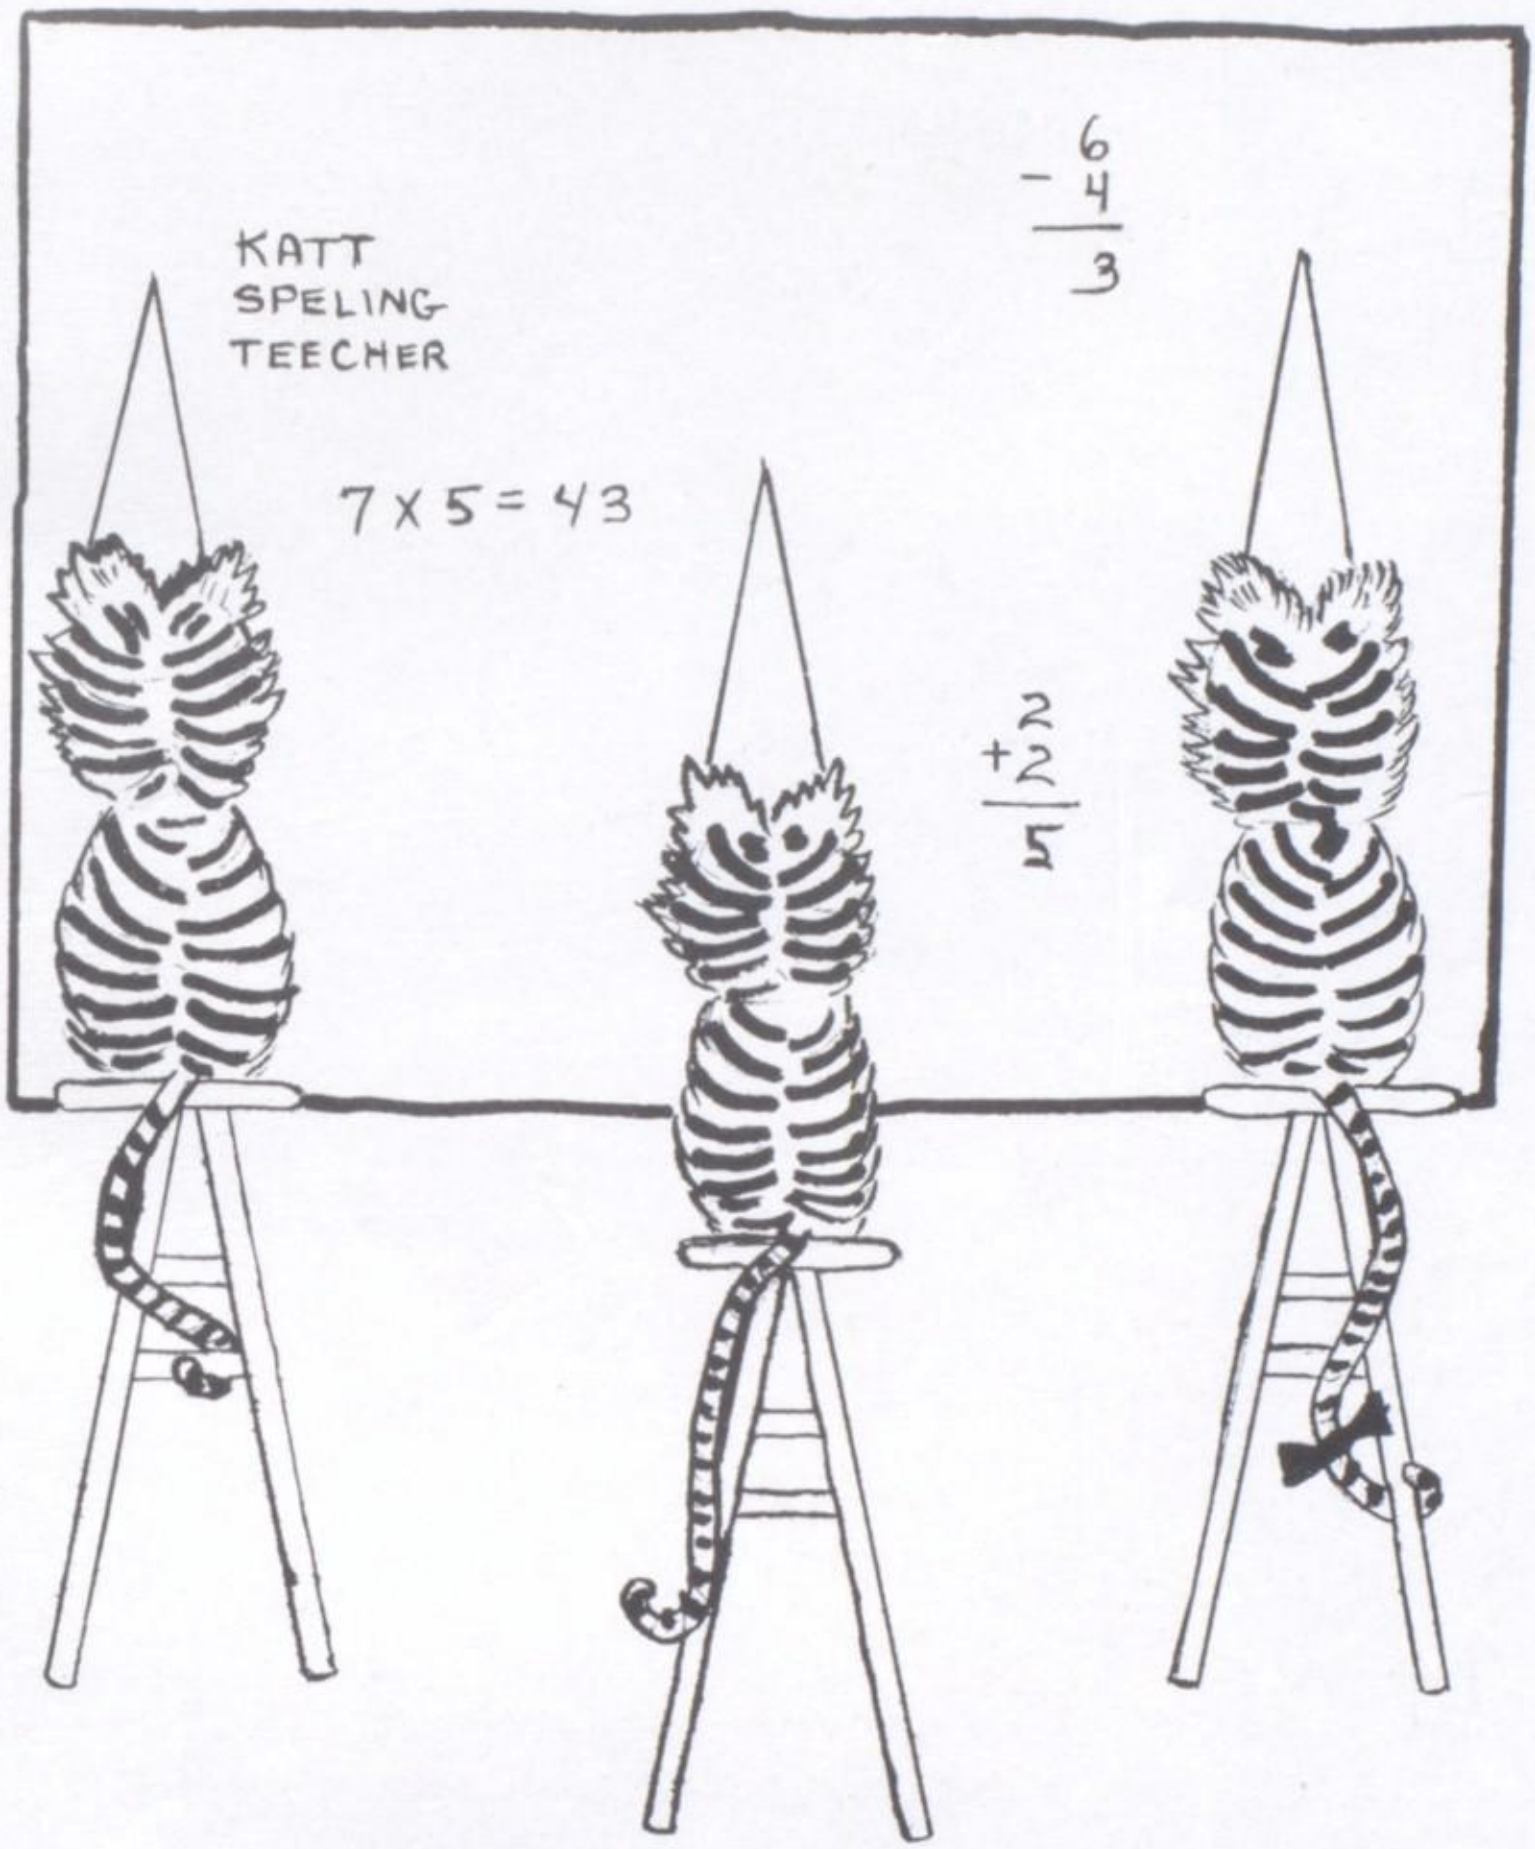
Ephrata High School

EPHRATA, WASHINGTON

ADMINISTRATION

LEARNING



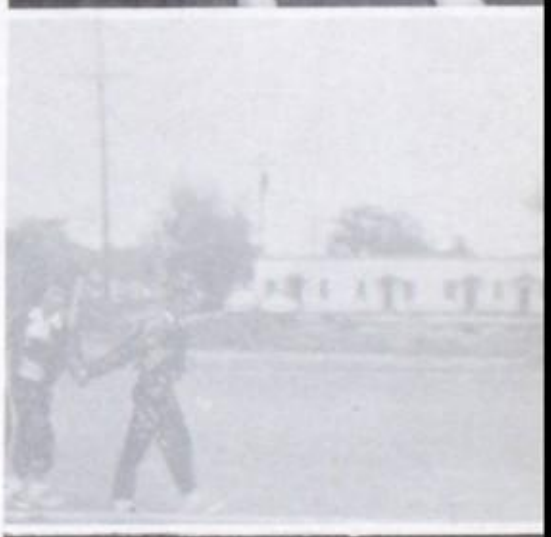
Foreword

Each year a group of students leave Ephrata High School, graduating into further education, professions, and home life. Their faces and their names may be forgotten, buy by just being a student in our school they have done a great service. They have elevated our school to what it is now. Through their activities, their scholastic ability, their spirit, and their morals they have built a great structure. This structure is not tangible. It is the spirit that represents our student life. But these things do not apply only to the past; for each class, each person, has something to contribute--those in the past, present, and future. Our nation is growing, our city is growing, and so must we grow, not only in size but in activity. It is up to the students!

Dedication

No matter what the size of building a school is in, from the very largest to the very smallest, it is basically the same. You go through the doors and see students all around you. They may be going to a class; they may be going to a pep rally; or perhaps they are helping in the office. They attend athletic games, club meetings, and social

functions of the school. To them this is great fun and they do not realize the importance of these things as far as the school is concerned. Without these activities and without student participation in them there would be no spirit in the school, and what do you have without spirit? With these thoughts in mind we dedicate our 1952 Annual to our students and their student life.



SUPERINTENDENT

Noble S. Moodhe
Superintendent

Again it is my privilege to extend best wishes to a senior class. Wherever you may go whatever you may do--the school administration will be interested in you and your success. The Ephrata High School will miss each one of you. You have been our leaders. Members of the present junior class will be expected to take your places but the job will not be an easy one.

During the past four years we have enjoyed the unusual privilege and experience of witnessing a new empire being built and formulated before our eyes. Some of us are quite unaware of the tremendous changes that have already transpired; others have only a faint vision of the development about us; but only too few can clearly visualize the Ephrata of tomorrow.

As our area develops, the Ephrata High School must and will keep pace in providing new and better educational opportunities to meet community needs.

Those who will be returning should look forward to next year. By planning and working together, we can make it an outstanding one.

PRINCIPAL

A. W. WARNER
Principal

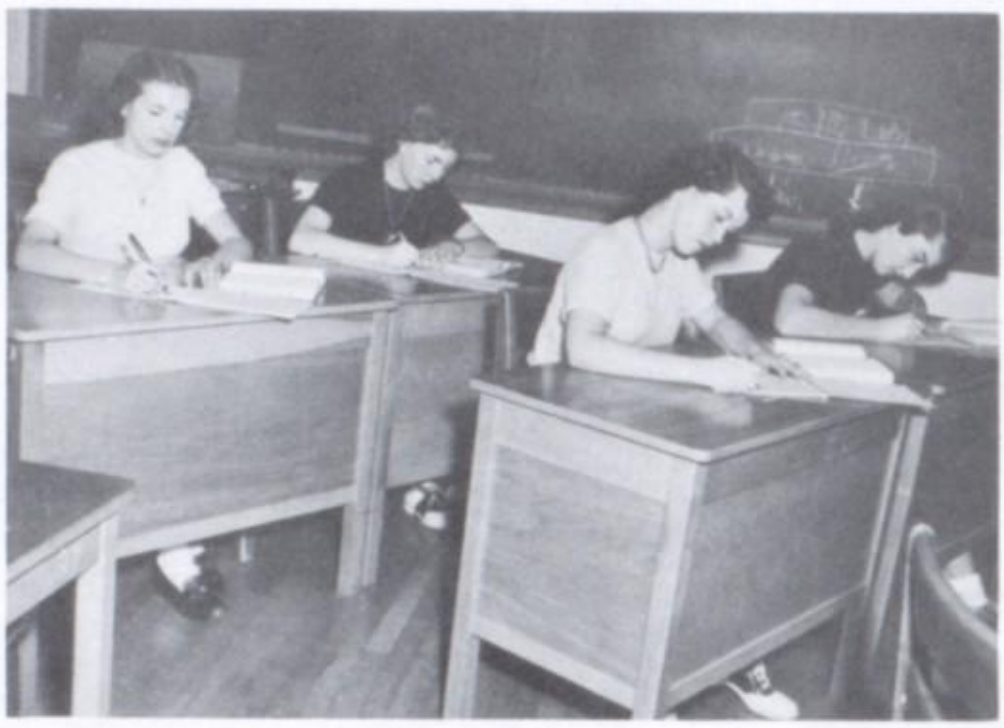
It is here! That long awaited year of '52. Now, with the water actually on the land, our school will grow more rapidly. Already we have some of that growth, but just wait until next fall to see what it really means. We are prepared for it with our new building, which will give us some relief from the overcrowding of the past few years. And with a new home for our school, let us as individuals "turn over a new leaf" by resolving to become better students and take greater advantage of the opportunities offered here. Let us welcome to our student body these new settlers who have arrived to make their home in our land of promise. By the combined effort of all we can make these people feel "at home" here. We can absorb them into our group, assimilate some of their stimulating ideas, adopt some of the programs which they bring with them and thus improve our own group.

To the seniors: we are sorry that you won't be with us to help build this new and stronger Student Body, but we know that wherever you may go you will do your best to live up to the ideals and put into practice the skills and knowledge you gained at Ephrata High.

Sincerely,
A. W. Warner

The purpose of these classes is to attempt to prepare a student to hold a job using shorthand and typing. Bookkeeping is an introductory course to this work.

MISS PERIN
Typing, Shorthand
Bookkeeping, Advanced
Office Practice



The purpose of these class is to prepare students for their responsibilities as citizens and to develop appreciation of our American heritage.

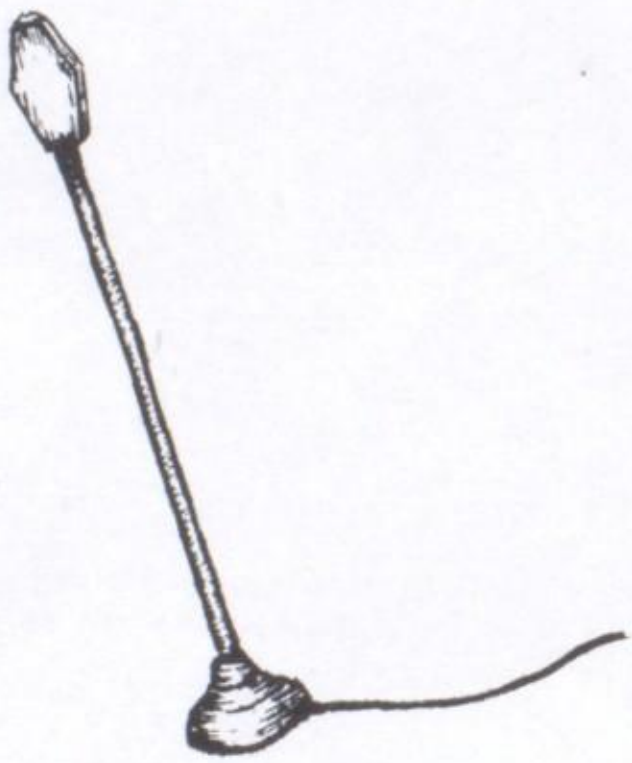
MR. JOHNSON
U. S. History,
American Government,
Washington History

MISS RAUDABAUGH
English 10 and English 12

The purpose of English and Literature is to acquaint students with correct grammar, proper use of the English language, and to acquaint them with great literary works.

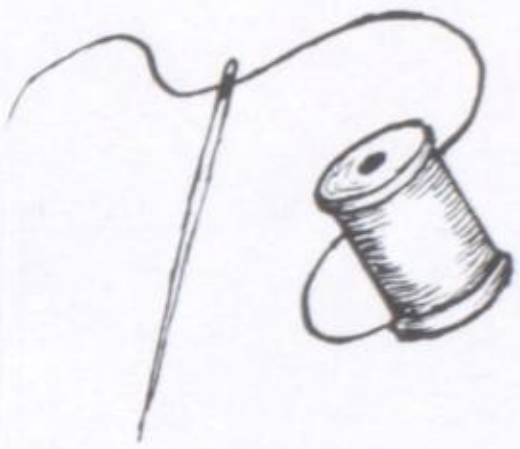
The improvement of your personality is the practical aim of the speech and dramatic classes. Through speaking and acting you learn interpretation of the printed page, correct language usage and develop voice skills and poise. Since these classes are distinctly group activities, the greatest benefits are enjoyed if you cultivate patience, sportsmanship, and tact. Whatever you plan to do after you finish school, you will do it better if you possess the ability to speak well.

MRS. MONSON
Freshman English, Speech, Dramatics, American literature, Senior grammar, Radio speech



The purpose of Home Economics is to give the girls training in the principles of homemaking.

MISS BOLENEOUS
Home Economics



MRS. REEKER
Home Economics

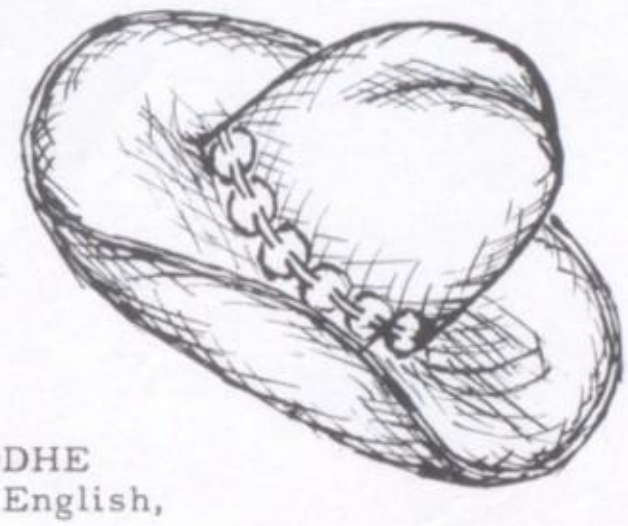
All girls are potential homemakers. The home economics courses are designed to familiarize and better prepare them to meet situations in the present and future.

MR. FINK
Chemistry, Physics,
General Science

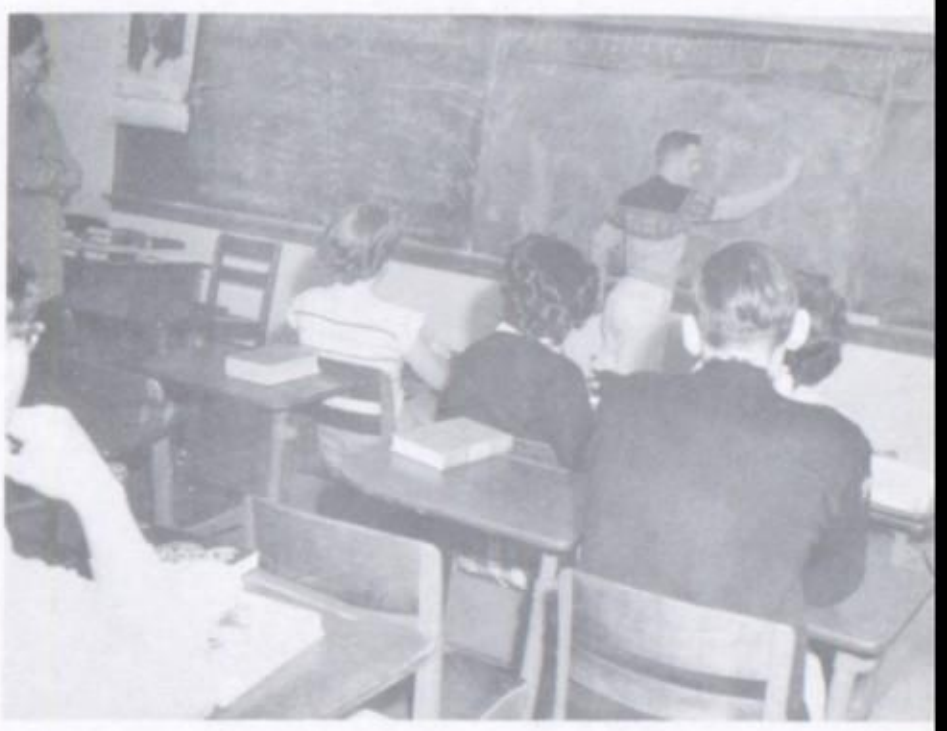
Chemistry, Physics, and General Science are all sciences. Science helps society to progress and it helps us to understand the common things of life. It teaches us to solve problems scientifically and eliminates superstition and prejudice.

The library is a store for good, available supplementary matter for students. By furnishing such literature, the library strives to create and build a desire for good reading.

MISS HALVERSON
Library



MRS. MOODHE
Freshman English,
Spanish II



The purpose of Spanish is to give students an appreciation of cultural values of the Spanish language, to increase the student's knowledge of the modern Spanish speaking countries, to teach the fundamentals upon which the language is built, and to broaden the student's understanding of his own language.

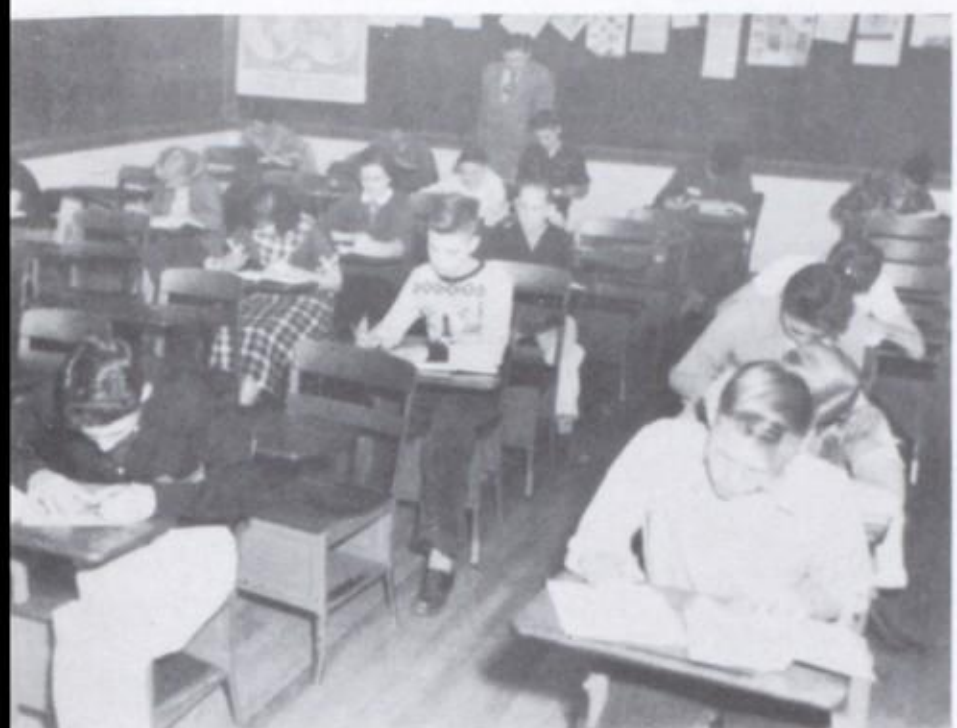
MR. CAVERS
Mathmatics,
Latin

The purpose of math in the high school is to give the student mathematical skills necessary for work in science and technology. It helps prepare a student for many vocations in business, social work, science, statistics, engineering, surveying, navigation, and many others. Besides this, it gives the student experience in clear, logical, and profound thinking which will help the student in attacking and solving even non-mathematical problems. The study of Latin increases the student's understanding of English and improves his skill in communicating in his own language. Since over 60% of our English comes from Latin, the student's vocabulary will be multiplied. These are only two of the many cultural rewards from the study of Latin.

General Math is designed as "refresher" course. It furnishes the proper materials for the development and maintenance of skill and understandings in arithmetic.

Algebra is a basic subject not only for the study of further mathematics and for college entrance, but also for many occupations and many higher studies.

MR. GREENE
Algebra,
General Science,
Refresher Math.



MR. FOTHERGILL
Wood Shop

The aim of wood shop class is to develop vocational apptitudes.

MISS LONG
Driving, American Literature,
Drama, and Journalism.

The purpose of driving is to establish good driving habits and attitudes; thereby equipping the student to be a sound and safe driver.

To reduce the prejudice students hold towards 'English' and to develop an appreciation for literature and its American Heritage is the purpose of American Literature.

The purpose of the drama class is the study of drama and the production of the Junior Class Play.

The Tiger Rag, our school paper, is the product of the Journalism class. Through this publication students acquire newspaper skills and an acceptance of the newspaper in our daily lives.

Physical education is that phase of the whole process of education which endeavors to teach the individual how to use his leisure time to maintain health and physical fitness. The primary aim is to teach athletic activities which carry over to later life. A secondary aim is the development of better than average performers for inter-scholastic competition.

MR. BRAMBLE
Algebra, P. E.,
Coach.

The purpose of girls' P. E. is to give the girls the exercise that they might not get in a day otherwise, and also to teach them sports so that when they have a chance to play games out side of school they will know how.

MISS DIXON
Girls' P. E.

She isn't too short
And she's not too tall.
She's a real good sport
And she's liked by all!

When he is not busy at one of his hobbies, Mr. Hogan can be found at E. H. S. teaching band or psychology. Mr. Hogan says that the purpose of his band class is "to teach a student how to play a horn." For psychology, the purpose is to "understand the motives behind a person's action."

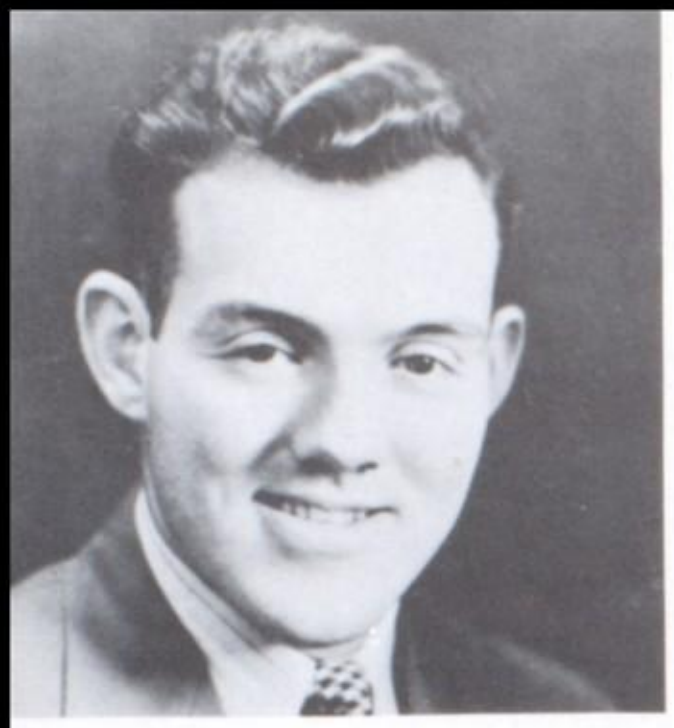
MR. HOGAN
Band and Psychology

Whether his passtime is writing music, Or his favorite; lying down, I'm sure you'll agree, anyone can see He's the best band leader aroun'.

Mr. Simpson says that the purpose of his classes is "to improve the ability of the individual student, to acquaint the pupils with the field of music literature, and to be a good entertaining group."

MR. SIMPSON
Chorus, String Ensemble,
Vocal Ensemble

DO you know that musician called W. S. ?
REports say he really is great.
ME thinks that wouldn't be hard to guess,
FAr up on the ladder our singers all rate.
SO let's give a hand to a real nice guy,
LAud and also praise him,
TIll all the singers cheer him to the sky,
DOn't forget, he's the one who grades them!



MR. O'BRIEN
Biology,
Geometry,
and C. A. P.

The purpose of biology is to make the student aware of living things around him, to study himself as a biological organism, and to acquaint the student with the biological science.

The purpose of geometry is to build a basis for logical and concise reasoning, and to advance the student's mathematical knowledge.

The purpose of Civil Air Patrol is to introduce, to the student, basic aerodynamics, theory of flight, and to investigate the opportunities open in this field.

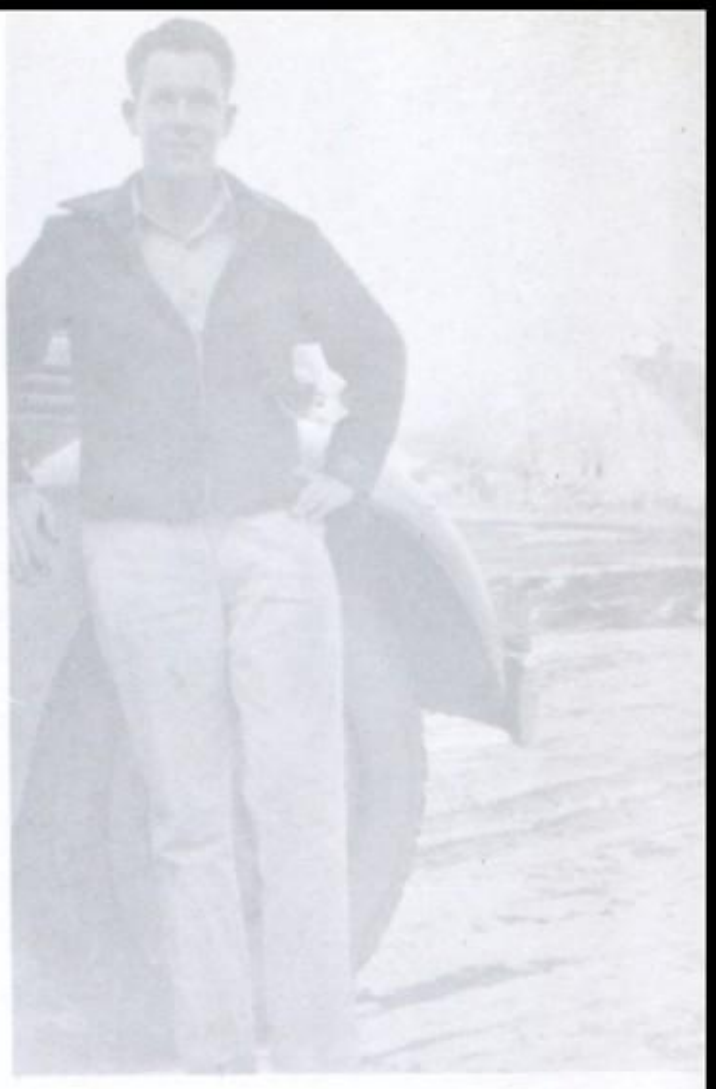
LEFT TO RIGHT: Nancy Wagner, Charlene Cook, Patty Wells, Beverly Carson, Sharon Vaughn, Barbara Hawkins, Joan Miller, Kay Anderson, Mrs. Pratt, and Helen Johnston.

With the help of these girls our school is run smoothly and efficiently. They write passes, take dictation, and take care of all other general office work.

MRS. PRATT, Secretary

Without Mrs. Pratt the office girls would be lost. She sees that the girls get their work done quickly and correctly. Loads of thanks for doing such a wonderful job, Mrs. Pratt!

A great deal of gratitude
is expressed to our bus drivers
No matter how bad the weather,
how early the hour, they are
there to bring us to school and
take us back home safely
after each day.



We all want to express
our thanks to the cook and
lunchroom help. How good a
hot meal tastes on a cold
January noon!

ARBIE WALTERS

Perhaps cleaning up afterwards is the toughest job of all. But our janitors not only clean up, they also keep everything running smoothly so that we can study in comfortable rooms.

Special gratitude is reserved for Arbie Walters. Arbie has become a tradition to E. H. S. and it would not be the same without him.

MEMOIRS

Several years ago, four to be exact, a band of sturdy people started on a long, winding trail of "higher education". They were a wide-eyed group, these "frosh" of the class of 1952, but they came to Ephrata High destined to make history.

The first year of this journey was perhaps the most difficult, but with every step this group gained a stronger foothold in the new experience of Ephrata High and found themselves electing Ray Wahl, president; Frank Stewart, vice-president; Kay Anderson, secretary; Sally Johnson, treasurer; Judy Hustad and Richard Bean, class student body representatives; and Bob Campbell, Kove representative.

They had now been given the chance to prove themselves worthy of the pioneers who had the year before trod along the same trail. Working for success, they chose as their motto, "We Begin to Finish". They chose blue and white as their class colors and the white rose as their class flower.

As the class marched on, they reelected the same officers for the second semester.

There were many obstacles blocking the trail of achievement and success, but for every obstacle there was another gain. Finding themselves more accustomed to the trail they were to follow for three more years, the sophomores of "52" started out a successful year with Bob Campbell, Willard Johnson, Pauline Simpson, Nancy Bean, Norm Bessett, and Rheta Dai leading them to high goals. The second semester they elected Margaret Smothers, Don Thomson, Sally Johnson, Nancy Bean, Ray Wahl, and Rheta Dai to be their leaders.

Another year found them setting out once more toward their destination, "Graduation". Juniors was their title now, and life had changed somewhat for them. They were upperclassmen and the younger set looked to them for leadership. With new spirit and energy, they elected Don Thomson, Dick McGrath, Sue Strobeck, Rheta Dai, Jim Hargraves, and Pauline Simpson to make them "toe the mark"

As the year progressed, the juniors took a more active part in the school activities. They ordered class jewelry and planned the famous social event, the junior-senior prom, with the theme, "Night and Day" In the junior play, "Our Hearts Were Young and Gay", they exhibited their many talents and earned much respect from faculty and students as well. Looking forward to the time when they would covet the name "seniors", they elected Richard Bean, Kay Waring, Georgene Giles, Don Thomson, and Frances Padgitt for their second semester officers.

Now that their highest goal is just over the hill (the one with '51 on it) the members of this graduating class recall the many memories of their years during their trip through the land of Ephrata High.

They have achieved distinction as shown by the successful senior play, "Seven Sisters", and are on the threshold of a new era. Herb Clark, Earnest Swartout, Judy Hustad, Margaret Smothers, Richard Bean, and Lynn Moodhe carried them through their first semester with flying colors. Continuing with business of the previous semester, Kay Johnson, Mary Beth Reimund, Kay Anderson, Jean Pixlee, Earnest Swartout, and Lynn Moodhe "set the mark" during the class's last stay. The class has done well in conquering the obstacles of the past four years and will, on May 26, 1952, reach the final goal, "GRADUATION".

CLASS

We, the students of the class of 1952, make our last will and testament as we leave Ephrata High School. We leave the following articles to the juniors:

Don Thomson leaves his traffic tickets to Johnny Pappas. Misery loves company!

Jim Hargraves leaves his shyness to Sam McCormac.

Jack Walker leaves his hair cut to anyone fool enough to live with it.

Sally Johnson leaves her job as E.H.S. treasurer to anyone who wants extra spending money.

Herb Clark leaves his famous "passes" (football, that is) to Cliff Scoles.

June Gibson leaves her Chicken-Coop to Nannette St. Cloud.

Frances Friesen leaves her Saturday nights at Wilson Creek dances to Thelma Christian. Need we say more?!!

Ernie Swartout leaves-------AT LAST, but not without Kay.

Frances Padgitt leaves her ability to make eyes at the boys to Joan Fortner.

Nancy Bean leaves her figure to Ann Lary. What will Ann do with two?

Joan Miller leaves her married life to Elinor York.

Kay Anderson leaves her violin to "Nimble-fingers" Vernon Cole.

Myrtle Baker leaves her common sense to Sue Bell. Put it to good use, please!!

Kay Waring leaves her red curly hair to Jane Baumgarten.

Barbara Patterson leaves her poodle to Karen Schneider, cause she wouldn't leave it to a dog!

Georgine Giles leaves her black hair to Janice Plotts. You can throw away the dye box, now Janice.

Lynn Moodhe and Barbara Hawkins leave their messy locker to Merle Lemon and Helen Johnston.

Peggy Paysse leaves Larson Air Force to the girls in the junior class. BEWARE!!

Margaret Smothers leaves her father's car to Orin Luddington so he can go into the junk business.

Donna Powell leaves her cute jokes to anyone who thinks they are funny.

Rheta Dai leaves her little black book which Joan Bush left Donna Therriault who left it to Shirley Pitts who willed it to Rheta last year to Judy Hargraves. Take good care of it, Judy. It's precious.

Danny Welch leaves his car to Ronny Haney. Drive carefully.

WILL

Gerald Snyder leaves his dramatic ability to Earl Crawford. "Good ole Shultz!"

Sue Strobeck leaves her brain to Glenn Gunder. What are ya gonna do with it, Glenn?

Noma Christian leaves her dancing ability to Charlene Cook.

Opal Blanchard leaves her quiet voice to Edith Purcell. Where'd it go?

Jeanne Strommen leaves her diamonds to Margaret Daling.

Jean Pixlee leaves her sewing ability to Bob Gibbons. Can you use it, Needlenose?

George Massar leaves his height to Gerald Ellison.

Bruce Pratt leaves his disinterest in women to Jerry Wilhite. Ha-Ha.

Judy Hustad leaves her love for history to Lorraine Mathews.

Gene Titzel leaves his muscles to Bob Thomson.

Don Dwinell leaves his driving ability to Patt Masterson.

Jerry Anderson leaves his boldness to Phil Brockhaug. What'll he do with more?

Carolyn Jackson leaves her nursing ability to Travis Reed.

Nancy Neumann leaves her slenderness to Jimmy Grimes.

Freida Notaras leaves her ability to confuse everyone with her questions to Dorothy Martin.

Dick Bean leaves his vocal cords to Harold Holady.

Cluff Dilley leaves his deep voice to Sharon Vaughn.

Mary Beth Reimund leaves her smile to Mary Lou Davis.

Pauline Simpson leaves her twin toes--one pair to Marion Warren and the other pair to Wanda Walton for their future carnival work!

Jo Carter leaves her accent to Gordon Groff.

Connie Wilson leaves "Seven Sisters" to Don and Doug Burk. Take good care of them, fellas.

Bob Campbell leaves his "catchy" walk to Gail Bovee. If she can catch it!

Norma Lehmann leaves her intelligence to Susanne Crawford.

Marcia Nessen leaves her "Lux-lovely" complexion to Eddie Tyler.

Terry Doherty leaves her chemistry class to June Reiner.

Kay Johnson leaves her acid remarks to Lois Chamberlain.

To the rest of the junior class the seniors leave all their free periods and room seven---for loafing purposes, only!!!

Signed, The Class of 1952

PROPHECY

I made my home in South Africa, and in the year 1967, I discovered a diamond mine; thereby making myself the richest man in the world. Because of so much leisure time on my hands, I decided to take a trip around the world.

I began my journey in a plane from South Africa to Spain. I landed at Monte Carlo about six o'clock in the evening, so I decided to stay the night there. Looking for amusement, I went into one of the famous gambling halls. When I was seated in a game of poker, I thought I recognized one of the players. Soon I discovered it to be ARTHUR MC LEMORE, a millionaire playboy, who owned a huge estate in Washington. He invited me to spend the night with him and I accepted. When I rose the next morning, I motored to Madrid, where I attended a bull fight. NANCY NEUMANN and DONNA POWELL were making their first professional debut. At the arena I met my old school chum, NOMA CHRISTIAN, who informed me that MARICA NESSEN and THERESA DOHERTY were in Spain looking for ancient ruins.

Having completed my tour of Spain, I flew to Paris, where I found JERRY ANDERSON teaching French in one of the colleges. During our conversation he said CLUFF DILLEY was a great lecturer touring France. Having nothing to do that evening, Jerry and I attended a moving picture. Was I ever surprised when I saw CONNIE WILSON was the star of the picture.

At Marseille I boarded a steamer for Naples, Italy. During our trip across the Mediterranean, a violent storm came up and wrecked our ship. Thanks to DAN WELCH and his sardine ship we were all rescued.

From Naples I made my way to Turkey, where I visited HERB CLARK and his Turkish harem. Through a newspaper, I found out that NANCY BEAN, LYNN MOODHE, and RHETA DAI were competing in a cooking contest. They represented the countries of Hungary, Turkey, and Greece. I haven't found out the results yet.

After a short visit in the famous Peking, China, with JEANNE STROMMEN, I chartered a private plane and flew to San Francisco.

Feeling in the dancing mood, I went to the "Hug-me-tight" dance hall operated by DON THOMPSON and his wife KAY WARING. Don declares it is his beautiful wife that attracts all the customers rather than the name of the hall.

I was planning on taking a boat to Alaska, but at the dock I learned that GERALD SNYDER had struck a bonanza there while panning for gold. The fact that I wasn't any longer the richest person in the world hurt me so much that I decided to remain in the United States, making a complete tour of the country while I was there.

In Colorado I spent the night at a dude ranch operated by MYRTLE BAKER. As I was trailing through Wisconsin, I discovered JEAN PIXLEE, MARY BETH REIMUND, and NORMA LEHMANN had started a glue factory. I guess that was the only way they could stick together. FRANCES PADGITT and FRANCES FRIESEN are the latest TV entertainers. At last we have found a way to turn them off.

MERL ENDICOTT has made a career in the Navy. I hear he has some interest in Guam, I wonder!

DICK BEAN, known better to the world as "Speedy" Bean, has made the headlines with his spectacular new basketball plays. JIM HARGRAVES turned pro after college.

While visiting PEGGY PAYSSE, I learned that OPAL BLANCHARD, JOAN MILLER, and PATTI ROHLMAN were happily married and started on their families. SALLY JOHNSON is widely known as the model housekeeper.

BOB CAMPBELL finally gave up his vice to the cigarette and began to smoke a pipe. He's still in search of a wife. ELMA JO CARTER tried to make the change, but after choking to death, she gave it up.

JUNE GIBSON is at the height of her success in the dress industry. CAROLYN JACKSON began the popular fad of wearing her hair down to her knees. She always was modest.

I left for New York shortly afterward and the first night I was there I went to the Waldorf Astoria which was just purchased by DON DWINELL. There was a large party there. After careful examination, I found it to be given in honor of KAY JOHNSON and ERNIE SWARTOUT. They believed in long engagements and hadn't gotten married yet. BARBARA HAWKINS and SUSAN STROBECK were also present but their dates were strange to me. KAY ANDERSON, a famous violinist, entertained during intermission.

The next day I went to Washington D.C. I got permission to listen to some of the debates in the House of Representatives. My, how things have changed! There was still a majority, but the stronger sex didn't have it. The first bill was proposed by a short speaker with considerable ability and I recognized her as PAULINE SIMPSON. She no sooner sat down than a woman with dark hair got the floor and opposed the bill on every point. It was MARGARET SMOTHERS. JACK WALKER who had received his ability as an orator from his high school experience was also present. GENE TITZEL was the President's new secretary.

Leaving Washington, I went to Florida visiting among other things some of the large colleges. In the first one I found BRUCE PRATT, who has made a chemical discovery that will cure any form of Bolshevism; his formula was potassium cyanide.

I found out from a close friend that BARBARA PATTERSON is visiting Rome in search of more cultural knowledge. I hope she finds what she is looking for. GEORGENE GILES and FREIDA NOTARAS are touring Tibet. Freida has gained recognition through her ability to knit, and Georgene Giles is her publicity agent.

GEORGE MASSAR won the Pulitzer prize for the picture he took of JUDY HUSTAD.

I also visited MARY JO RICHBURG, the rich widow and heir to the Ostrich farm in New York.

Well, I guess I'm just getting old so I'll return to my home in South Africa. The world moves so fast that I've become tired of my journeys but I'll always remember my friends of the class of 1952.

ALUMNI

This page in the 1952 TIGER is dedicated to the graduated class of 1951. To this group of alumni of Ephrata High School, we pay tribute.

How well we remember them as a class that took a very active part in their classes, school organizations, and sports. They were truly a class that showed promise for the future. Whether they will succeed or not, we can only wait to see. But whatever their goal, we, the students of Ephrata High School, wish them much luck and happiness in the future.

The following is for the benefit of those who wish to know what the 1951 graduates have been doing since graduation from Ephrata High School.

JUNIOR CLASS

The first activity of the juniors was choosing their class rings. Later in the year they found time to put on their junior play, STRICTLY FORMAL, which was a huge success.

Last, but by no means least, was the long-awaited junior-senior reception and prom.

These supporting players are anxiously awaiting next year when they will step into their roles as the "Stars of '53".

SOPHOMORE CLASS

The sophomore year in high school is the second year of travels to their higher goal. Because the freshmen are new, they are receiving some attention; the juniors are receiving attention because of their leadership in school activities; the seniors are receiving their awards in the largest share of lime-light. While all this is going on, the sophomores are not forgotten. They are anxiously awaiting their turn to become leaders and to have their share of the lime-light.

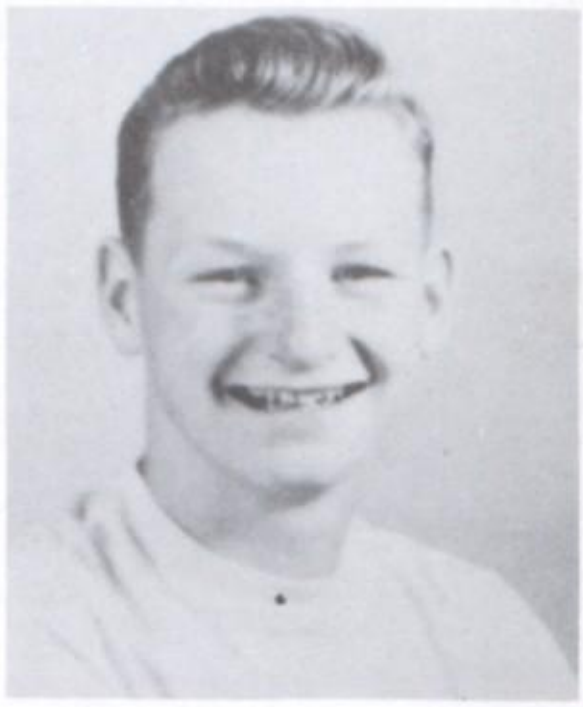
Kay Johnson, Student Manager

K O V E



Bob Gibbons, Assistant Manager

The first and third Friday of each month, students and alumni will be found dancing to the music of popular records and playing ping-pong at Kove, which is sponsered by the P. T. A.

The Kove Board, which consists of representatives from each class and members of the P. T. A., meets once a month to discuss matters pertaining to the improvement of Kove.

As one of the special features of Kove this year, the junior class put on a Sadie Hawkins Dance. The election of Joan Mangold and Jerry Wilhite as Daisy Mae and Li'l Abner was the climax of an evening of fun.

Honoring the lettermen in the school is the Orange E Club, the only boys' organization in our school. Membership to the club can be gained by any boy who has earned one or more letters by participating in any of the five sports.

These boys endeavor to maintain high standards among the other boys in athletics, and to do their bit to contribute toward the school's spirit. In addition to sponsoring various activities, they also help maintain order at ball games.

FIRST ROW: Gary B., Herb C., Mr. Bramble, Jim H., Don G., Glen G., Gary O., Jack W. SECOND ROW: Gordon G., John P., Henry H., Gordon E., Vernon C., Don T., Dan W. THIRD ROW: Don W., Bob T., Wallace T., Ronnie H., Doug B., Bert H., Ralph J., George M. FOURTH ROW: Travis R., Sam M., Don B., Glen S., Ronnie M., Gary C.

PEP CLUB

The Pep Club girls do such services as selling and taking tickets at all ball games, handle the student body pictures from Leo's Studio, and many other services for the school.

E. H. S. BAND

Mr. Hogan, Director

Culminating a very successful year, the E. H. S. Band has once again made for itself. There is nothing like good band music to pep up and enthuse a crowd of sports fans.

The Band's activities for the year include playing at pep rallies, basketball and football games, concerts, the Ellensburg Music Festival, and several Central Washington festival parades.

Mr. Hogan completed five years as our band leader this year. "Many thanks", Mr. Hogan, for such a successful band!

The cheerleaders for our school have shown a lot of spirit this year. They have led yells for all of the home games and most of the out-of-town games. They have had an exceptionally hard season because of the Tiger's many defeats. Even so, they never slacked up, but kept the spirit high at all of our games. They put a share of their pep and spirit into the student body by conducting a pep rally before many of the games.

During the basketball season, the cheerleaders had a little black kitten with an orance ribbon around its neck for a mascot. This kitten was seen accompanying the E. H. S. students at several of our home games.

Congratulations on a swell job, Rheta, Nannette, and Janice!

GIRLS' CLUB

Activity, in every sense of the word, makes Girls' Club one of the worthwhile organizations of E. H. S.

A few of the main activities of the year are the sale of hot dogs at all home games, food baskets distributed to needy families at Christmas, and an athletic dance, held in the spring, honoring those who have earned letters during the year.

Girls' Club also contributes a scholarship to the high school. It is the Ardyth Vaughn Memorial Scholarship which is awarded to a senior girl at the commencement exercises.

AUDIO-VISUAL CREW

Mr. Fink
Advisor

The audio-visual crew is very important to our school. Without this group movies could not be shown in the various classes; there would be no announcers at the football and basketball games, and we would have no "mike" at our assemblies.

Many thanks to the audio-visual crew for their very good service!

DANCE BAND

LEFT TO RIGHT: Nita C., Dick R., Laverne R., Buddy B., Nancy W., Jean W., Stanley S., Sharon V., Cheryl E.

Mr. Hogan
Advisor

A group of music lovers from the E.H.S. Band got together to play a few popular pieces and had so much success that they formed a dance band. They played at such activities as the class plays, student body assemblies, and Kove.

Congratulations, kids! You were really enjoyed by all.

RADIO CLASS

Students! Have you heard these new radio programs over KULE? Pretty snazzy aren't they? Well, the radio speech class of E. H. S. is responsible for these great events taking place each Saturday at 10:45 a.m. If you heard the first program, you found out about our student government, Pep Club, Kove and various other school activities.

Harold Holaday was director of the first program.

Patt Masterson prepared the script for the second program which was a one act play called "Darling Girl." Several comments from business people said the play sounded quite professional —good work!

Gordon Groff was in charge of the third program. He interviewed three new students, Helen Smith, Nancy Wagner and Artie McLemore, who told of their previous schools. Each dedicated a musical selection to the school they left.

Mrs. Cavers was the teacher interviewed by Gordon. An interesting little talk—take heed!

Helen Johnston is planning a Halloween program for October 27. This should be a very mysterious program.

With the help of the businessmen on to finance it, the Tiger Rag has been a wonderful success.

The paper not only furnishes the reader with school news, but it gives the students working on the paper a sense of responsibility. It develops their writing ability. Working on the TIGER RAG impresses upon our minds the definite need for co-operation and gives us some ideas of what is required of a newspaper staff.

I would like to take this opportunity to thank our sponsor--Miss Phylis Long, without whose help the TIGER RAG just wouldn't be. Her patience in training the students and her helpful suggestions and capability in producing the paper were appreciated by the members of the staff.

WHAT WOULD HAPPEN?

What would happen if:

D. Thomas was actually a farmer?

J. Fortner didn't like Jackrabbits?

A. Lary didn't have "last flings"?

H. Clark didn't flirt so much?

All boys let their hair grow long for a change?

S. Seeger didn't sleep in Science class?

J. Gibson knew how to make coffee?

Girls would quit having parties after games.

Moses Lake and Ephrata weren't rivals?

Miss Perin was really a "rinep"? (Oh no!)

Sue and Glenn didn't go together.

All "Fly-boys" left town?

The journalism class is made up of those students who choose the class as an English credit plus those who are interested in journalism as a career and, therefore, use the class for gaining experience in this field for their future work.

The journalism class deserves many thanks and "heaps" of congratulations for the terrific services that they have contributed to our school.

Phil Brockhaug, the second semester Editor, and Miss Long, the class advisor, deserve much credit for their fine job in maintaining a school paper for Ephrata High.

Miss Raudabaugh Mr. Cavers
Advisors

Kay Anderson, Editor

The editor and staff of the "Tiger 52" wish to express their thanks to all who worked so hard to publish this edition of our high school yearbook.

Everyone gained knowledge and experience from planning and accumulating assignments for the annual.

This year's annual covered with navy-blue and white is in honor of the senior class of 1952.

Our whole hearts go out in thanks to Miss Raudabaugh, Mr. Cavers, Mr. Warner, and the Columbia Studio for giving us so much of their time and effort to make this annual a success.

The Ardyth Vaughn Chapter of the National Honor Society was inaugurated at Ephrata High School on May 22, 1951. This is an organization which gives recognition to the honor students of the junior and senior classes of the school.

The students are eligible on the basis of their honor roll standing or scholarship, character, leadership, and service. The selections are made first by a committee consisting of five faculty members.

The initiation ceremony for this year took place on December 20, 1951. Eleven juniors and seniors were initiated at this time. They were eligible because of honor roll standing for the second semester of the school year 1950-1951.

The second initiation took place February 14, 1952, for those students who attained honor roll standing at the end of the first semester of 1951-1952. Eight seniors and juniors were initiated at this time.

Four sophomores, because they had been on the honor roll three semesters and were active in the affairs of the school, were taken in as probationary members. If they continue in this manner, they will be initiated as regular members of the honor society in the fall.

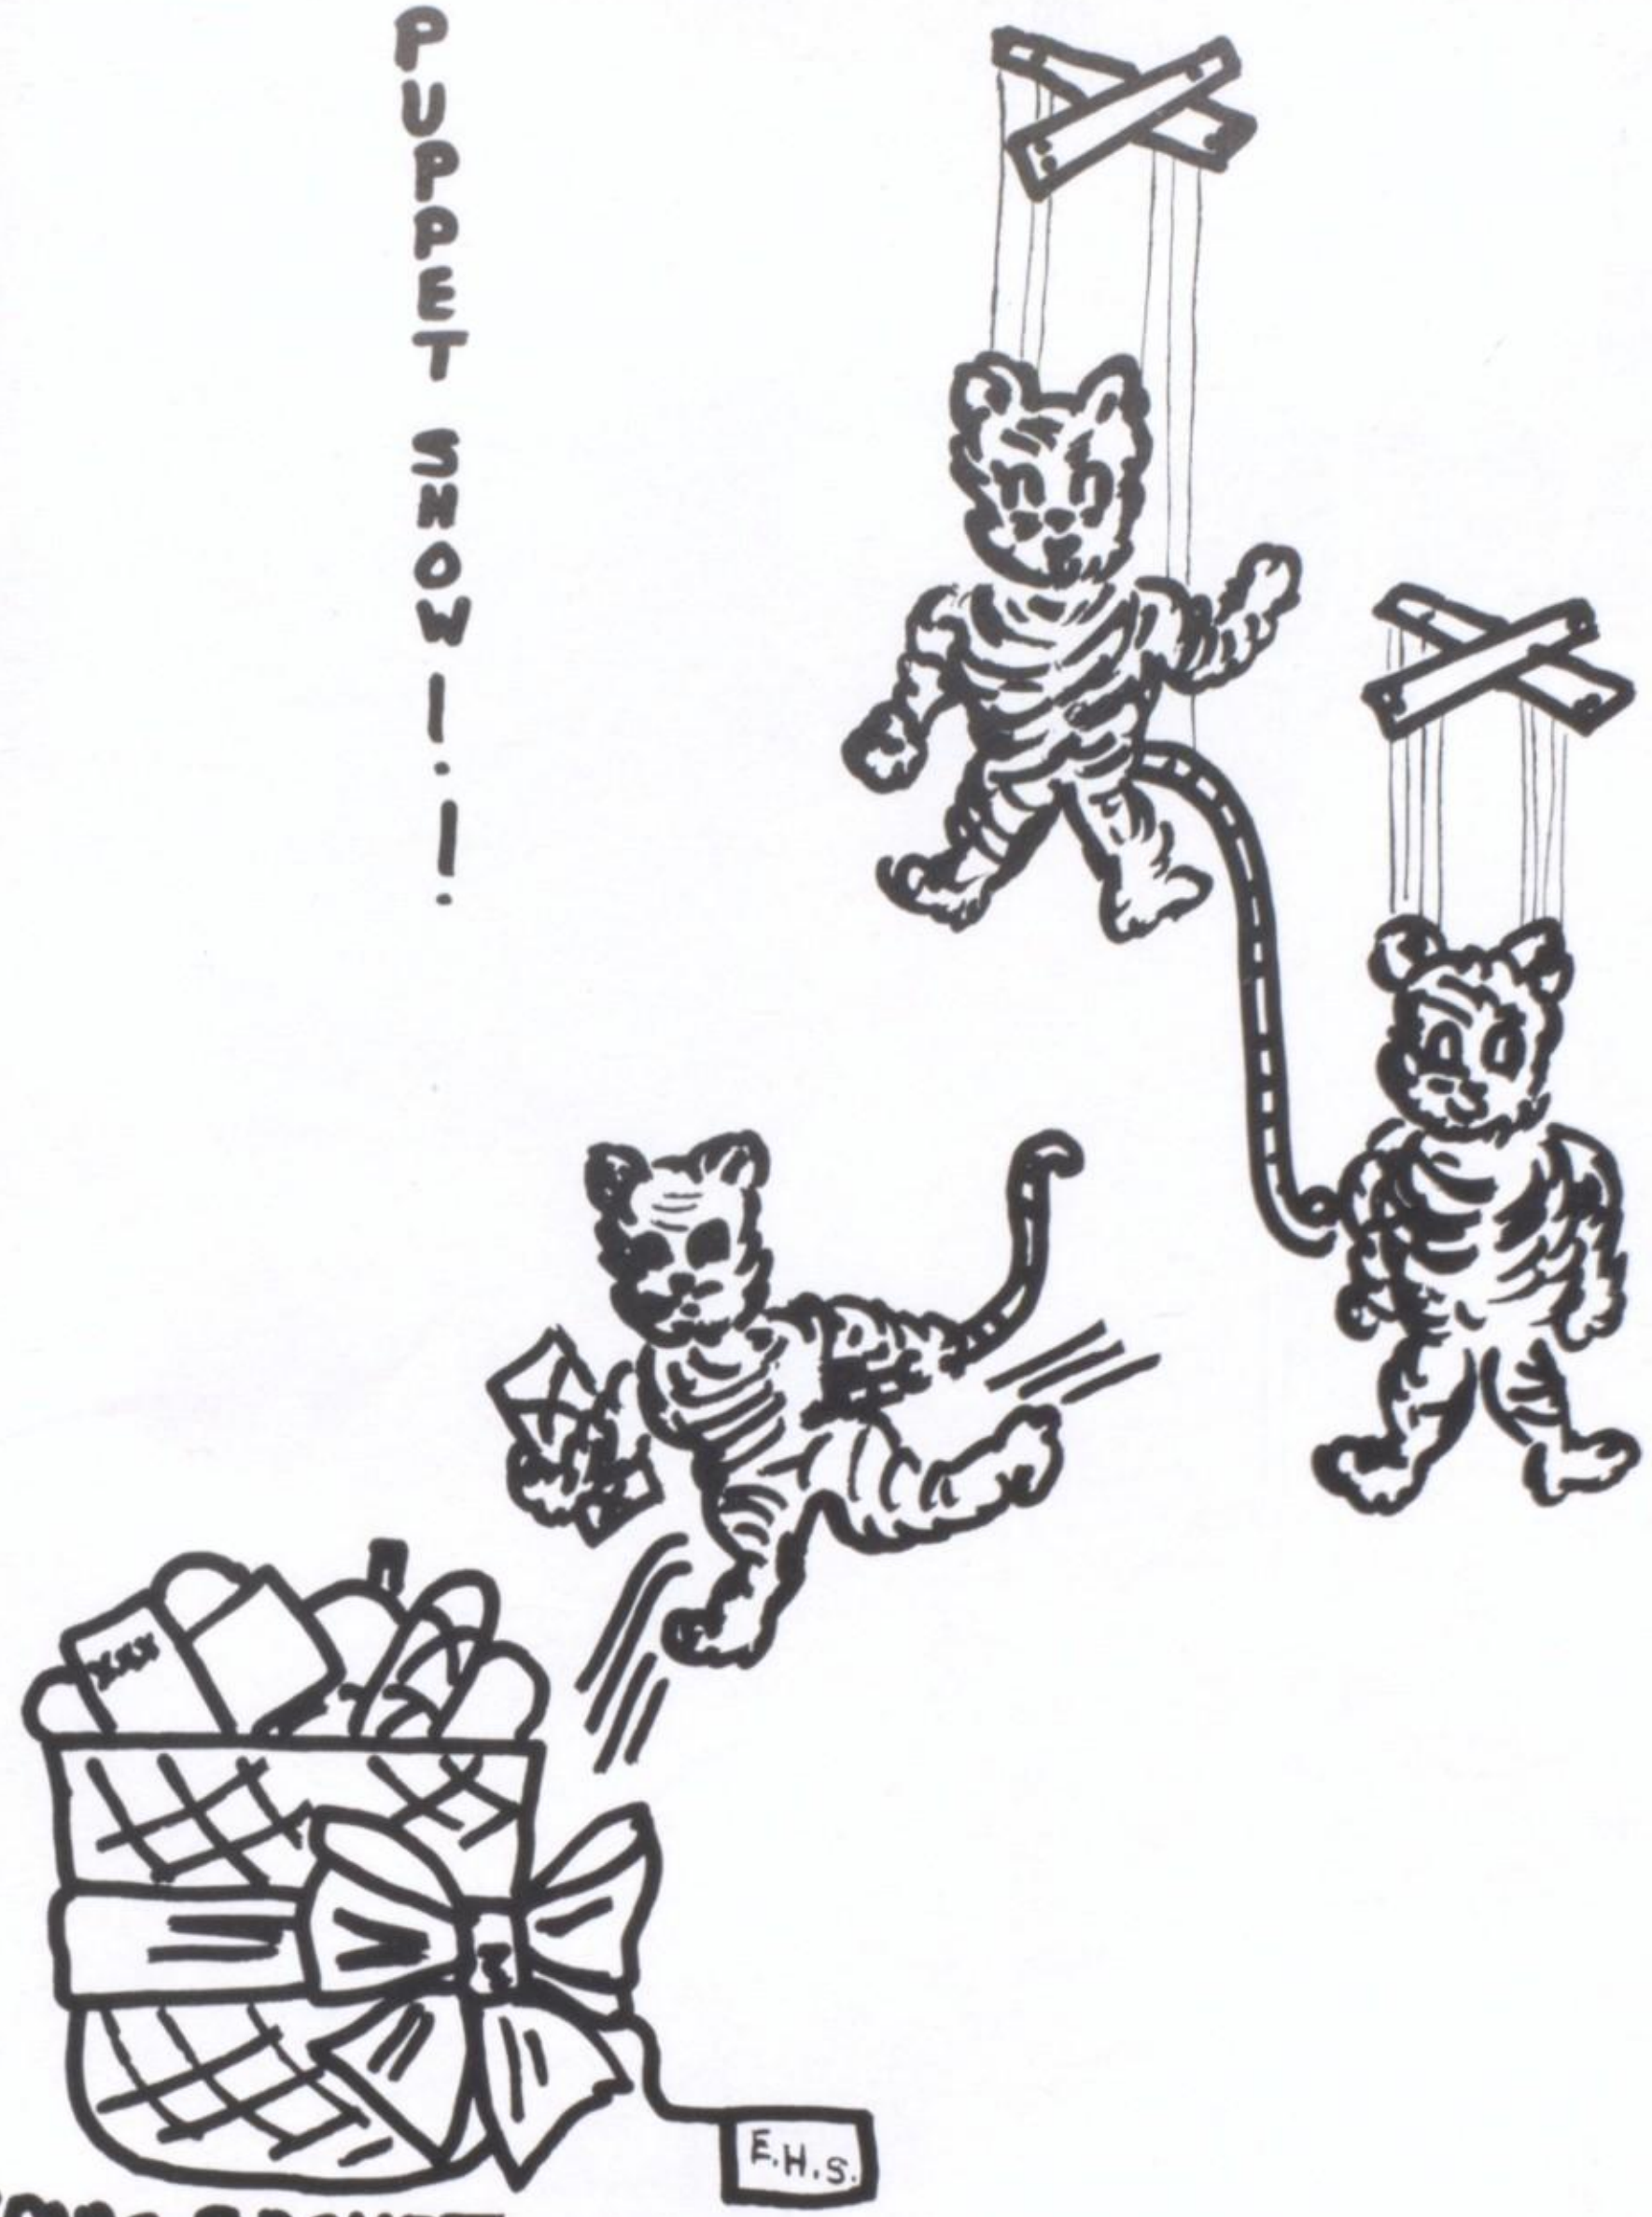
XMAS PROGRAM

PUPPET SHOW!!



XMAS BASKET

A big night for the seniors this year was their class play, presented November 16, 1951. This was a tremendous event for all had waited and worked for this affair.

The action of the play took place in the Gurkovitch household not far from Budapest.

Mitzie returns from school after being expelled only to find that her three older sisters must be married before she can be married, because it is the old custom. On the train she meets a very exciting and romantic young man, Horkoy. He helps Mitzie to get her sisters married so that she may be free. The story ends with Mitzie marrying Horkoy.

E. H. S. considered this play excellent!

PEP CLUB INITIATION

Each year the new members of Pep Club are given a rousing welcome. In order that everyone will know who has been selected, the girls are asked to present themselves in a manner commanding attention from all. During the initiation there is no "hazing" or anything that would cause ill feeling between the old and new members. Instead, the girls are told to wear two different anklets, no lipstick, and to wear their hair in pin-curls or tied in little ribbons. Of course, they must carry the traditional box of PEP at all times.

AMERICAN RED CROSS WEEK

Ephrata wishes to thank those who freely contributed to the Junior Red Cross Drive carried on from December 4 to December 11, 1951.

The senior and junior classes had 100% participation; the sophomores, 76% and the freshmen, 66%. The total, 82.5% for the entire high school, amounted to $21.25.

TOLO

"Sin" was the theme for the Tolo this year with the motto, "Let's Let Heaven Wait". It was held November 23, 1951, at the E.R.C. Building and was sponsored by the Rainbow Girls. The original decorations, enjoyable refreshments, and the wonderful music by the "Downbeats" made the Tolo a memorable event for those who attended. Herb Clark was crowned the "Devil" by Barbara Hawkins.

MAMMOTH PEP RALLY

The first mammoth pep rally was held in Ephrata, November 9, 1951. Many Moses Lake students came to Ephrata in school buses. The sections in the gym were filled with many rooters from Moses Lake and Ephrata.

The two schools exchanged yells with the cheerleaders changing sides once. The student body presidents and coaches spoke at the rally. The coaches introduced their teams and the boys went to the center of the floor. Both bands played two mass selections, the school songs, and separate numbers.

This first rally was a big success and was the start of a friendlier attitude between the two schools.

RADIO SPEECH

This year something new was added to E.H.S. As a junior elective, Radio Speech was especially popular with the students who took it. The students had to prepare their own scripts for the programs each Saturday. The programs ranged all the way from quiz programs to mystery plays. Mrs. Monson did a swell job with the students in producing programs that interested the listeners. Above are Robert Gibbons and Sam McCormac interviewing Coach Bramble.

FIRE PREVENTION WEEK

Oh! There goes the fire bell! Just made it! Forty-two seconds flat!

Yes, you might have heard those comments during Fire Prevention Week. There was a fire drill every day during different periods so that the students could practice evacuating the building in the shortest time possible. The students also had helpful tips given to them on how to prevent fires. Now the students of E.H.S. are prepared to help prevent fires at all times.

MOSES LAKE-EPHRATA

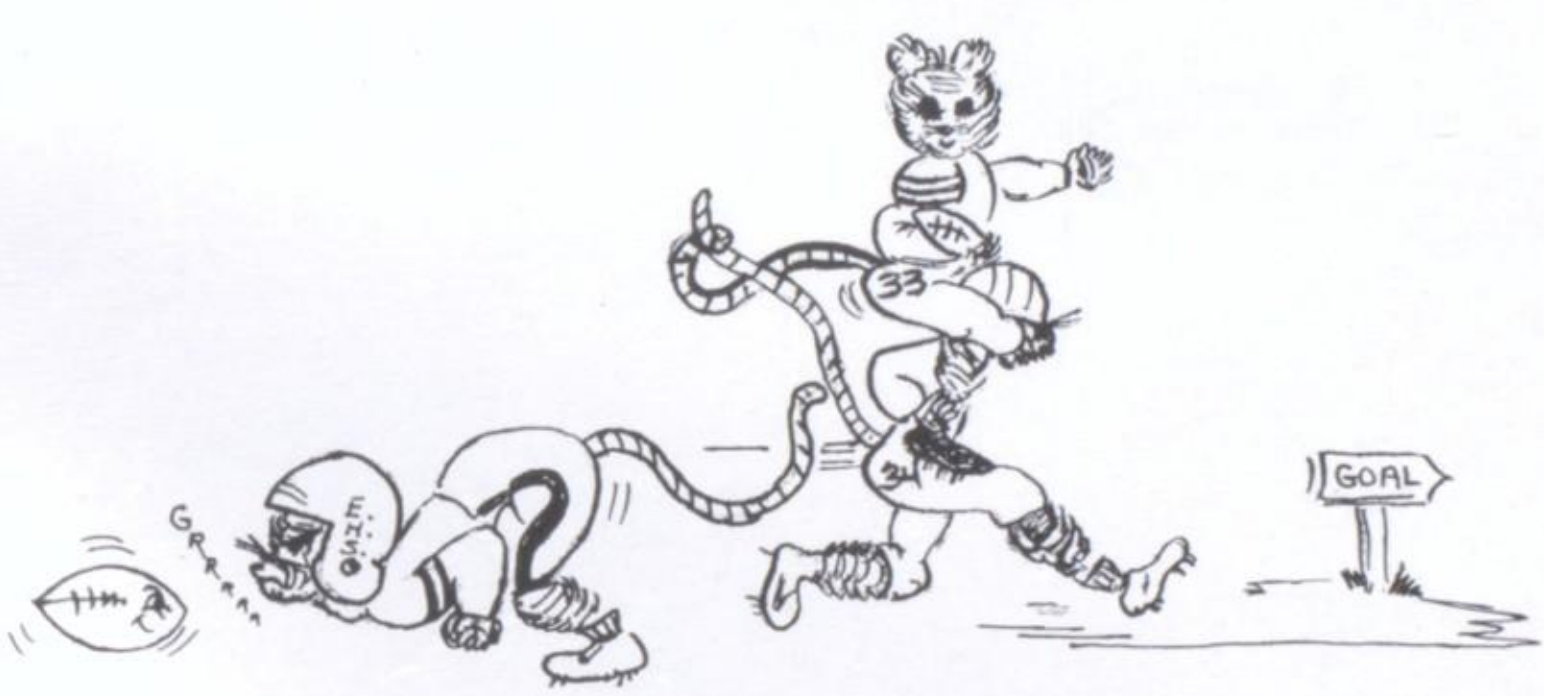
EPHRATA-MOSES LAKE GAME ENDS IN A 7-7 TIE

The fans enjoyed the Moses Lake game to the very end. Almost all of the first half was played in Moses Lake territory. The score was Ephrata 7 and Moses Lake 0 until the Chiefs scored in the fourth quarter changing the score to a 7-7 tie.

The Tigers were in good shape and proved it by playing their best. There was much excitement throughout the whole game and especially when the Tigers were holding the Chiefs from scoring until the fourth quarter.

The Tigers just about scored again but the whistle blew, the game ended, and the score remained a tie.

Good going TIGERS, we're proud of you!!



FIRST STRING

CHRISTMAS PROGRAM

After studying for about four months, the music department, which consists of the chorus, string ensemble, the band, and the girls' ensemble; and the dramatic class got their chance to show what they had learned by putting on the Christmas Program.

Besides the main acts, there were also a few solo numbers. All in all, everyone did a fine job, and the people who attended enjoyed the program very much.

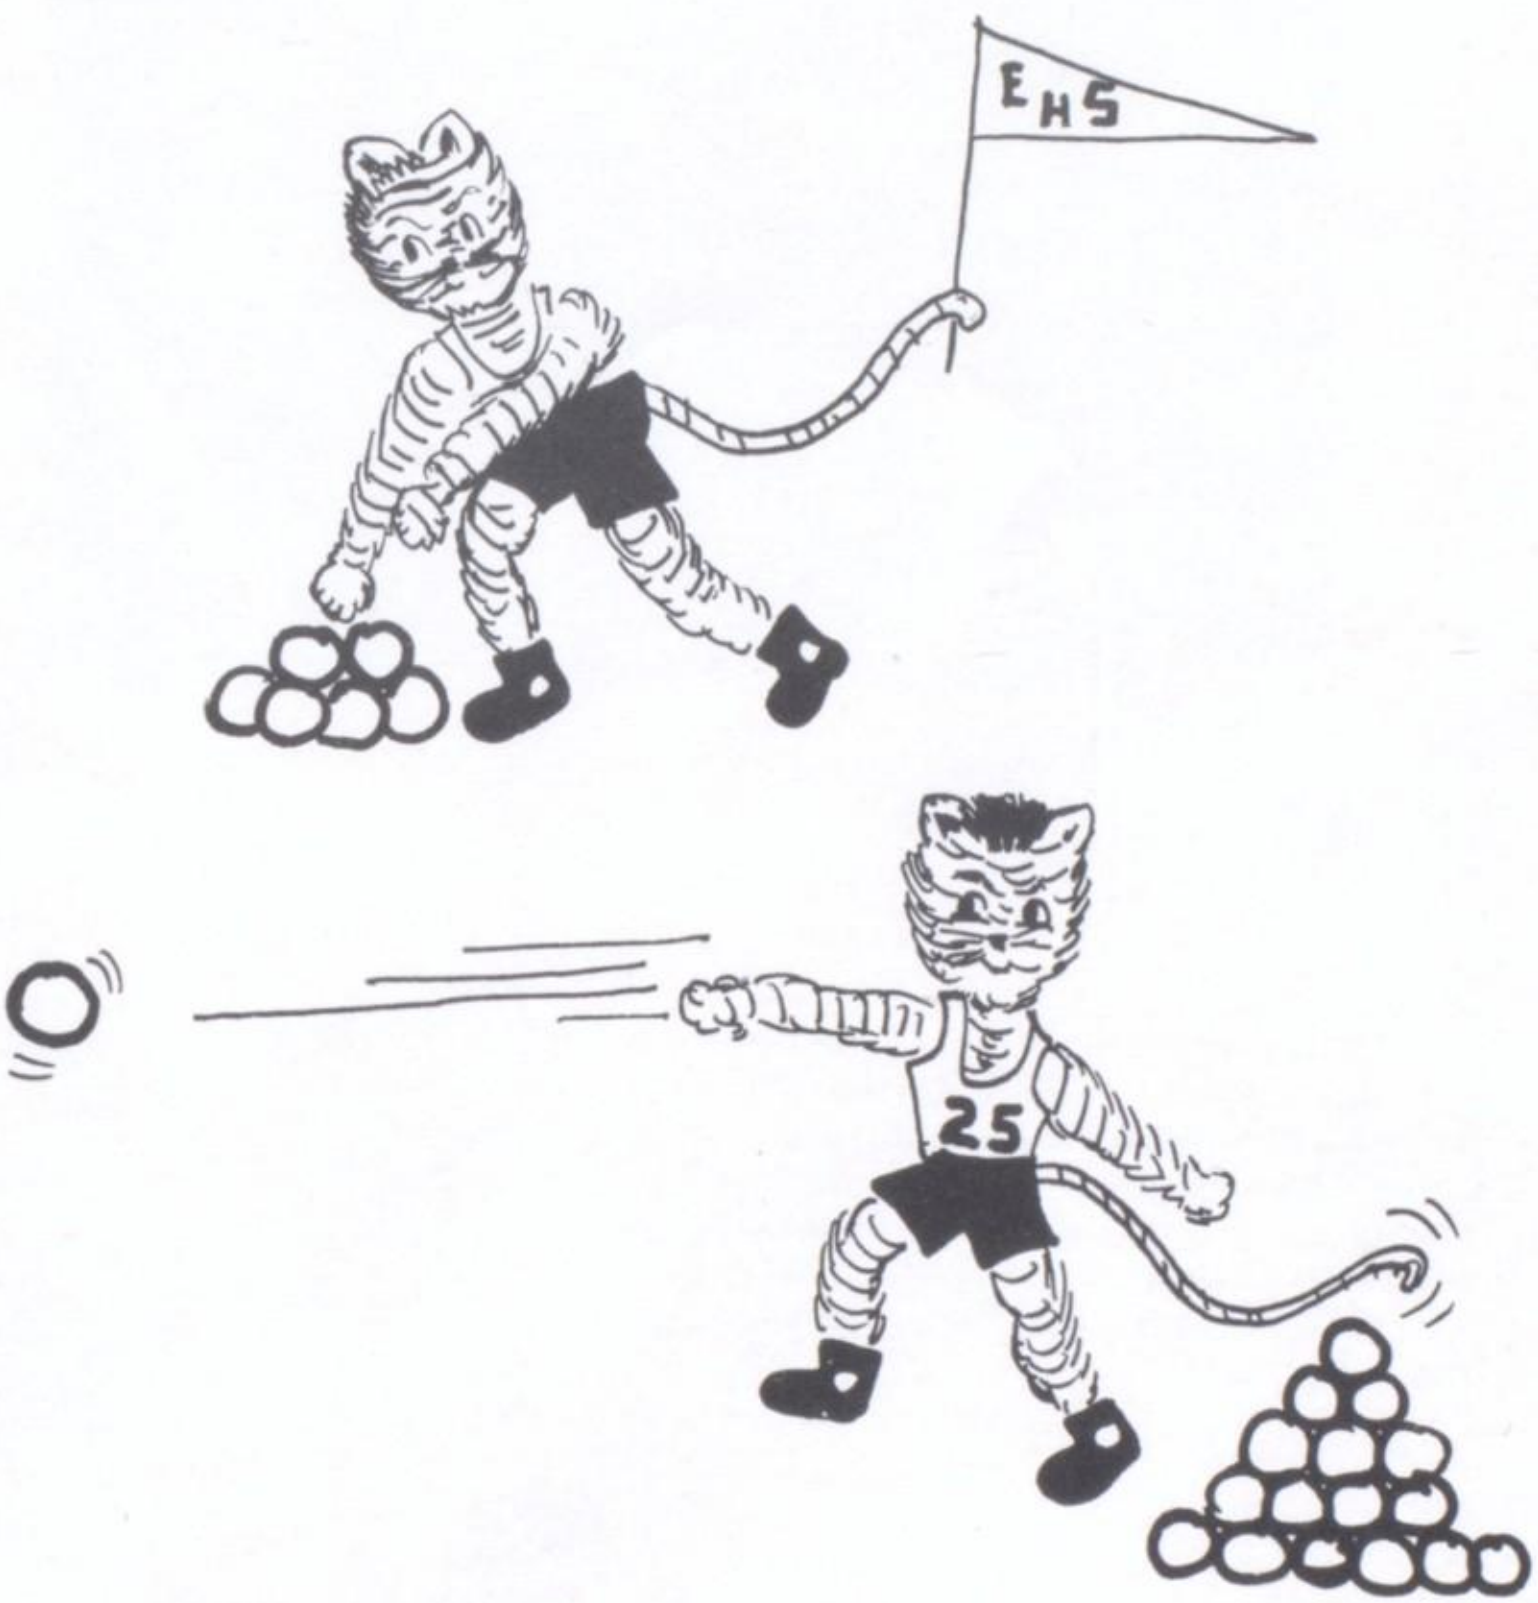
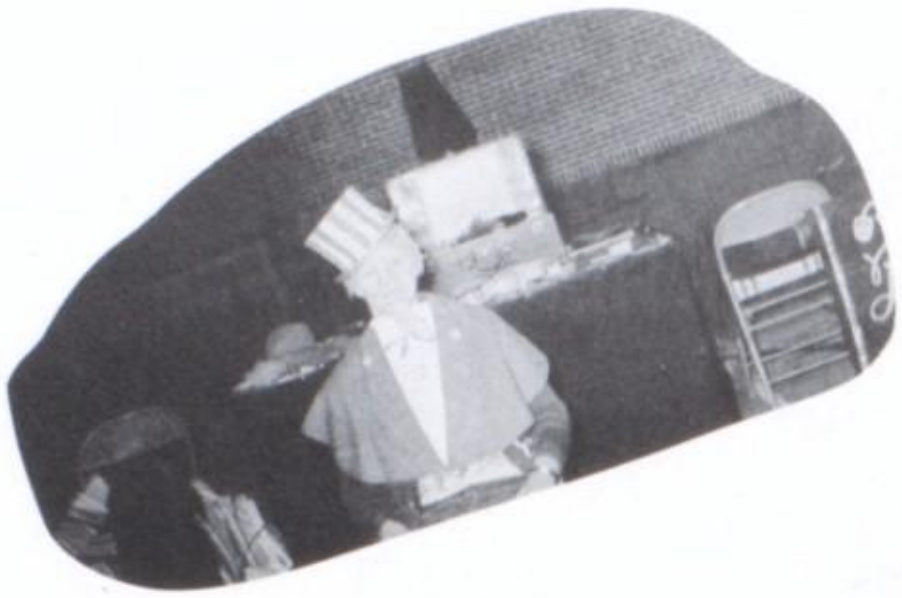
ACTIVITIES





HAL RODMAN

Hal Rodman, Hollywood's make-up man, was here and he provided us with very good entertainment.

He made up the students to look like different people. While making up one to look like General Lee, he told of General Lee's life. Another student was made up as Uncle Sam.

DRAMATICS PLAY

The senior dramatics class started with high spirits. Their goals were to present a successful senior class play, the proceeds of which would carry them through their final year, to present a dramatics class assembly, and to acquire more self-confidence. They succeeded with flying colors.

Coach

Fifteen freshmen turned out for basketball this year. Because of this large group, a freshman basketball team was formed. Many of the boys are promising future players. Coach Green, in charge of the team, did a wonderful job of coaching. Let's hope that the future freshman teams will have as much pep and interest as had this years' hard playing freshmen.

SALLY JOHNSON

PILGRIM

Sally Johnson was chosen from the girls in the graduating class of 1952 as the D. A. R. Pilgrim. The students in the class chose three girls on the basis of the following: personality, leadership, scholarship, citizenship, and character. From the three girls with the highest number of votes the faculty selected the winner. Sally was then given a test in the presence of Mr. Warner and a faculty member. The tests were sent into the state with many others. The winner of the state was then sent to the national where the final winner was chosen.

ORCHESTRA

This year, for the first time in E. H. S., we have a string ensemble which, in the future, may be the beginning of an orchestra. The ensemble is comprised of four violins, one viola, one cello, one base viol, and a piano. Mr. Simpson is the director.

LEFT TO RIGHT: Kay Anderson, Freida Notaras, Darling Lowry, Gwen Foster, Cherly Emery, Margaret Jones, Lois Snyder, Erin Farley.

WILLIAM WALLACE

On February 5, William Wallace, wizard of memory, was presented to the Ephrata High School students in a National Assembly Program. Mr. Wallace amazed the students with his remarkable memory. He displayed his talents by remembering long lists of numbers and with the memorization of the entire Sears, Roebuck catalog. He could tell exactly what was on any page in the catalog. Many students tried to outsmart him, but the wizard of memory was too much for them. The teachers thought it would be wonderful if we could have memories like that!! All in all, it was an astonishing and interesting program.

ANNUAL DANCE

As a special feature of a week long campaign for annual pledges, a big dance was held in the gym during seventh period on leap year day. Admission to the dance was by annual pledge receipt, which was an added incentive for students to buy their annual pledges. The high school dance band played a variety of popular songs while entertainment was provided by Marcia Nessen, Freida Notaras, and Myrtle Baker. A Miss and Mr. Tiger were chosen by the students from the class having bought the largest percentage of pledges. Rheta Dai and Dick Bean, seniors, were elected Miss and Mr. Tiger, and Karl Algeier was named "Tiger Kitten" for being the first freshman to buy a pledge.

The annual staff and the students felt the dance was a huge success, and an interesting finish for the pledge campaign.

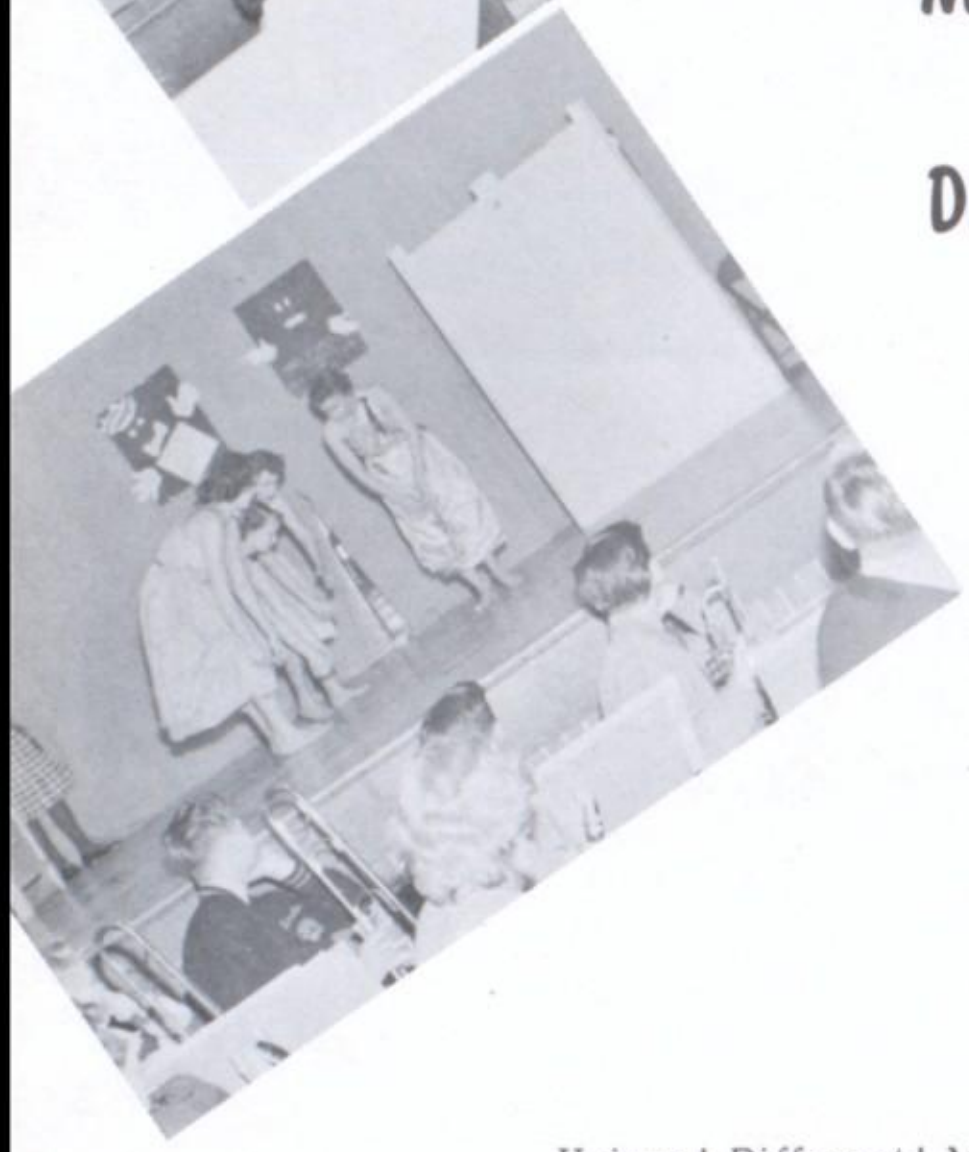
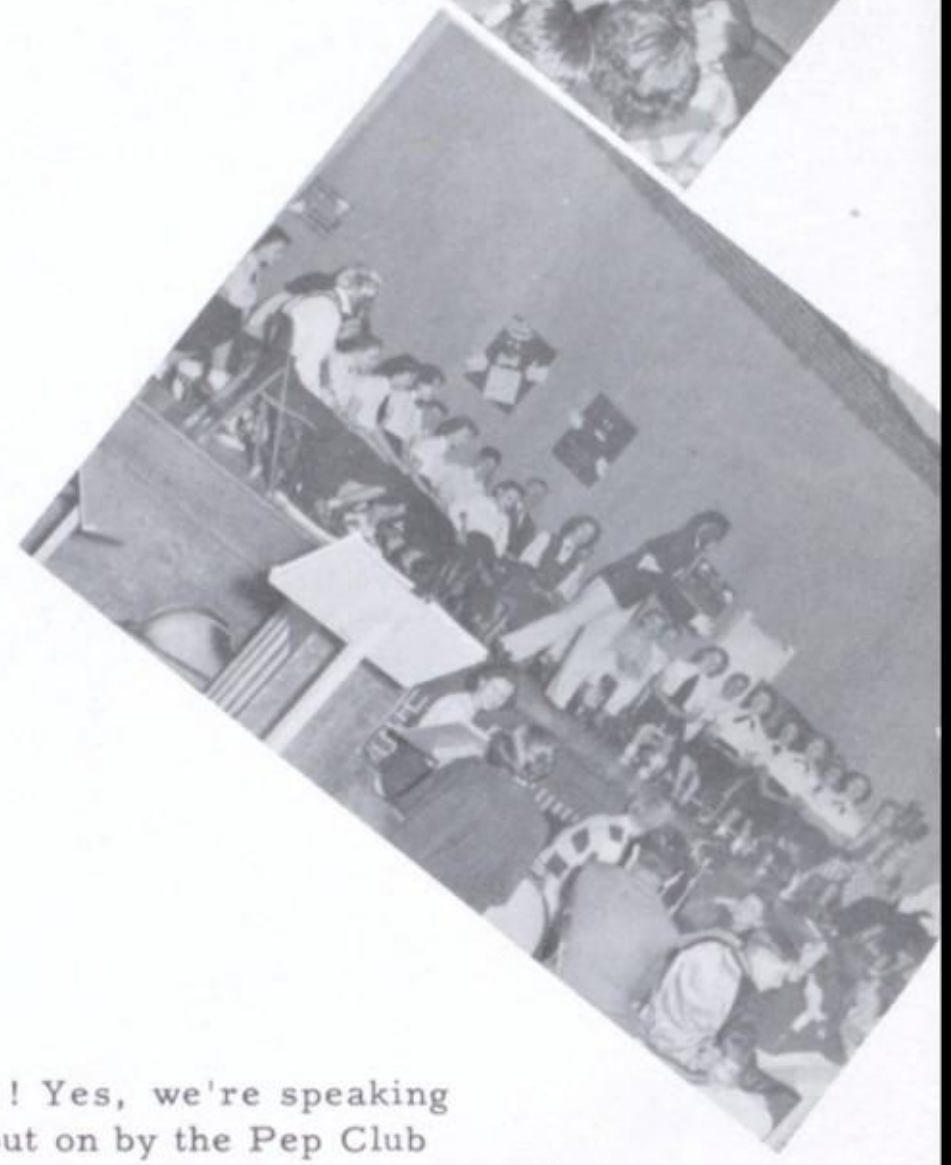
MARCH OF DIMES





Unique! Different! Marvelous! Yes, we're speaking of the March of Dimes Minstrel put on by the Pep Club with the assistance of Miss Perin.

This fabulous entertainment consisted of selected songs by the chorus directed by Mr. Simpson, and instrumental music furnished by Mr. Hogan. The wacky jokes of Sue Bell, Pauline Simpson, Margaret Smothers, and Jackie Williams protraying colored couples, set the spectators to roaring with laughter. Madge Messenbring surprised every one with her remarkable imitation of Al Jolson singing Mammy and Swannee.

The minstrel show collected more than any other year for the March of Dimes.

GARCIAS

In February, the National Assembly featured a Latin-American dance team. Lolita and her brother, Manuel Garcia, presented a colorful demonstration of the various folk and ritualistic dances of the countries of Central and South America. Among their dances was the ever-popular "Mexican Hat Dance", "The Chiapanecas", and the "Fire Dance". Both of the young dancers have done a great deal of professional work, and have provided an unusual and interesting program for schools all over the country.

Ephrata is fast becoming the outstanding school in Grant County for its sports. Here are some action shots of some of our Stars. While these sports don't draw as large crowds, they do require as much training as other sports.

"THE SNEAK"

"STRICTLY FORMAL"

The Junior Play, presented on March 28 and directed by Miss Phyliss Long, was one of the best plays presented in the last few years. STRICTLY FORMAL tells the problem several girls have in getting the dates they want for their annual Junior Prom. Many complications arise which are dealt with in a way which makes the play move rapidly in a hilarious fashion.

"THE PROM"

"WISHING" was the theme for this year's Junior-Senior Prom, which was held in the high school gym on April 25 at 9:00 in the evening.

The Prom Royalty were: King, Jack Walker; Queen, Pauline Simpson; Princess, Edith Purcell; Prince, John Pappas. They are shown here being crowned by Bob Gibbons. After the coronation the Prom Royalty led the grand march.
